February 2018

Dear Audit Committee Members

Audit planning report

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as auditor. Its purpose is to provide the Audit Committee with a basis to review our proposed audit approach and scope for the 2017/18 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council, and outlines our planned audit strategy in response to those risks.

This report is intended solely for the information and use of the Audit Committee and management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to discuss this report with you at the 27 February 2018 Audit Committee, as well as understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Paul King
For and on behalf of Ernst & Young LLP

In April 2015 Public Sector Audit Appointments Ltd (PSAA) issued "Statement of responsibilities of auditors and audited bodies". It is available from the PSAA website (www.PSAA.co.uk).

The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The "Terms of Appointment (updated February 2017)" issued by the PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and in legislation, and covers matters of practice and procedure which are of a recurring nature.

This report is made solely to the Audit Committee and management of Mid Sussex District Council in accordance with the statement of responsibilities. Our work has been undertaken so that we might state to the Audit Committee, and management of Mid Sussex District Council those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the Audit Committee and management of Mid Sussex District Council for this report or for the opinions we have formed. It should not be provided to any third-party without our prior written consent.

Overview of our 2017/18 audit strategy

Overview of our 2017/18 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Audit Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

Audit risks and areas of focus

Risk of Management Override	Fraud risk	No change in risk or focus	As identified in ISA 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that would otherwise appear to be operating effectively.
Pension Liability Valuation	Other risk	No change in risk or focus	<p>The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by West Sussex County Council.</p> <p>The Council's pension fund asset is a material estimated balance and the Code requires that this liability be disclosed on the Council's balance sheet. At 31 March 2017 this totalled £28.3 million.</p> <p>The information disclosed is based on the IAS 19 report issued to the Council by the actuary to the County Council.</p> <p>Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.</p>
Valuation of Land and Buildings	Other risk	No change in risk or focus	The fair value of Property, Plant and Equipment (PPE) and Investment Properties (IP) represent significant balances in the Council's accounts and are subject to valuation changes, impairment reviews and depreciation charges. Management is required to make material judgemental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.
Earlier deadline for production of the financial statements	Other risk	Increase in risk or focus	<p>The Accounts and Audit Regulations 2015 introduced a significant change in statutory deadlines from the 2017/18 financial year. The timetable for the preparation and approval of accounts will be brought forward with draft accounts needing to be prepared by 31 May and the publication of the accounts by 31 July.</p> <p>These changes provide risks for both the preparers and the auditors of the financial statements.</p>

Overview of our 2017/18 audit strategy

Audit scope

This Audit Plan covers the work that we plan to perform to provide you with:

- § Our audit opinion on whether the financial statements of Mid-Sussex District Council give a true and fair view of the financial position as at 31 March 2018 and of the income and expenditure for the year then ended; and
- § Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- § Strategic, operational and financial risks relevant to the financial statements;
- § Developments in financial reporting and auditing standards;
- § The quality of systems and processes;
- § Changes in the business and regulatory environment; and,
- § Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.
