Human Rights Act

The reports and recommendations set out in this agenda have been prepared having regard to the requirements of the Human Rights Act 1998.

Risk Assessment

In formulating the recommendations on the agenda, due consideration has been given to relevant planning policies, government guidance, relative merits of the individual proposal, views of consultees and the representations received in support, and against, the proposal.

The assessment of the proposal follows the requirements of the 1990 Town and Country Planning Act and is based solely on planning policy and all other material planning considerations.

Members should carefully consider and give reasons if making decisions contrary to the recommendations, including in respect of planning conditions.

Where specifically relevant, for example, on some applications relating to trees, and on major proposals which are likely to have a significant impact on the wider community, potential risks associated with the proposed decision will be referred to in the individual report.

NOTE: All representations, both for and against, the proposals contained in the agenda have been summarised. Any further representations received after the preparation of the agenda will be reported verbally to Members at the meeting. Any other verbal or additional information will be presented at the meeting.

The appropriate files, which are open to Member and Public Inspection, include copies of all representations received.

Members are also reminded the representations, plans and application file will also be available for inspection at these offices from 6.00 p.m. on the day of the meeting.
