Wellbeing Survey

Members are invited to participate in a survey about the West Sussex Wellbeing Services which are commissioned by West Sussex County Council (Public Health). The Wellbeing teams (originally named Wellbeing hubs) work primarily with adults, groups and families to improve their lifestyles and reduce risk factors for developing coronary heart disease and cancers. Services support people who wish to stop smoking, drink less alcohol, eat more healthily, take more exercise and develop skills to look after themselves.

Please find the survey link here <https://www.surveymonkey.com/r/westsussexwellbeing>. WSCC would like to hear from stakeholders (particularly those working with local residents in social, health, environmental, planning, economic and voluntary sectors) and members of the public. This survey will take less than 10 minutes to complete.
