# **Information and News**

# Cybercrime, Security and Online Safety For Councillors - LGA Scoping Meeting

The Local Government Association (LGA) is working with the City of London Police to develop a programme of briefings on cybercrime, security and online safety for councillors.

First, the LGA will deliver a scoping session where councillors are asked to share their experiences of cyber issues, including online abuse, which will then inform the development of the programme. Lived experience is vital to ensure that the briefing programme addresses the challenges councillors encounter online and that they have the skills and advice they need to navigate online interactions.

The scoping session is planned for 22 June. <u>Councillors who would be interested in attending the briefings are asked to complete the availability form or to email Jessica.Norman@local.gov.uk</u>

#### **Guidance on Single-Use Plastics Ban**

Last month (23 May), the Department for Environment, Food and Rural Affairs (Defra) published guidance on the single-use plastics ban for a range of cutlery items, which will be enforced from October 2023.

From this date, businesses must no longer supply, sell or offer certain single-use plastic items in England.

The ban on these items will include:

- online and over-the-counter sales and supply
- items from new and existing stock
- all types of single-use plastic, including biodegradable, compostable and recycled
- items wholly or partly made from plastic, including coating or lining

'Single use' means the item is meant to be used only once for its original purpose. Businesses can prepare for the new rules by:

- using up existing stock before 1 October
- finding re-usable alternatives to single-use items
- · using different materials for single-use items

Businesses can be fined if they continue to supply banned single-use plastics after 1 October. There are some exemptions to the ban, depending on the item.

### **Technical Consultation on the Infrastructure Levy June 2023**

Please find attached Mid Sussex District Council's response to the national consultation on the Infrastructure Levy.
