

DRAFT CORPORATE PLAN AND BUDGET FOR 2024/25

REPORT OF: DIRECTOR OF RESOURCES AND ORGANISATIONAL DEVELOPMENT
Contact Officer: Rachel Jarvis, Assistant Director Corporate Resources (S151 Officer)
Email: rachel.jarvis@midsussex.gov.uk Tel: 01444 477244
Wards Affected: All
Key Decision: Yes
Report to: Scrutiny Committee for People and Communities
24 January 2024

Purpose of Report

1. This report sets out the draft proposals for the Council's Corporate Plan and Budget 2024/25.

Recommendations

2. **The Committee is asked to consider the proposals for 2024/25 as set out in the Corporate Plan and Budget 2024/25 at Appendix A and agree any comments or recommendations that it wishes to make to Cabinet on:**
 - (a) **The financial outlook facing the Council over the medium term.**
 - (b) **The proposed increase in Council Tax.**
 - (c) **The strategy to use the General Reserve to balance the 2024/25 Budget.**
 - (d) **The commitment to top up the General Reserve where possible over the medium term.**

Background

3. The Council approves a Corporate Plan and Budget annually which sets out the Council's corporate priorities and associated spend in the following financial year. The draft proposals for 2024/25 are set out in Appendix A to this report. This includes draft strategic plans for services which propose activities for the coming year (set out at section 3 of the report). These are supported by a Medium-Term Financial Plan (MTFP) that presents the financial assumptions and makes recommendations to achieve a balanced budget position.
4. The draft Corporate Plan and Budget has been produced in extremely challenging times with significant financial and economic pressures both nationally and locally. This is coupled with ongoing uncertainty in local government finance across both the short and medium term.

5. While a balanced position for 2024/25 is presented, this relies on the use of the General Reserve. The draw on the General Reserve is considered to be of a reasonable level, however, this is only achieved when coupled with making difficult decisions around increasing fees and charges. To achieve overall Budget robustness, it is expected that New Homes Bonus and the remainder of the Treasury Management windfall will be available to top the reserve back up. The use of both Treasury Management windfall income and New Homes Bonus in this way is considered the most prudent approach, as they are not ongoing funding streams and therefore cannot be used to support the MTFP in a sustainable way.
6. It cannot be underestimated that there remain challenges ahead. The role of Council is to set a balanced budget in the coming year (2024/25). However, this budget sets out both a known structural gap in future years and a significant cliff edge should Business Rates Reform be implemented (the details and timing of which remain unknown). Returning to the structural gap, this can only be reduced by sustainable and ongoing income increases. Where our ability to raise Council Tax is capped significantly below inflation income such as fees and charges remain fundamental to ongoing service provision.
7. The MTFP within the draft Corporate Plan and Budget has now been updated for the Provisional Local Government Financial Settlement announced on 18 December 2023 (summarised in paragraphs 15 and 16 of this report). It should be noted that this is currently under consultation, and we await the final Local Government Financial Settlement. However, based on the items under consultation this will not change the principles outlined in the Corporate Plan and Budget, and should there be changes, these will be included in the report to Council if announced in time.
8. Changes to the MTFP as a result of the Provisional Local Government Settlement announced on 18 December 2023 are as follows; There is a net increase to the Funding Guarantee and Services grant of £371k. This is likely to reduce the draw on the General Reserve to balance the budget in 2024/25 to £540k. In addition, New Homes Bonus will continue for one more year with a provisional allocation for the Council of £1.829m. In line with the reserves policy and in support of budget robustness it continues to be proposed that this will top up the General Reserve.

Consideration by Members

9. The Council has a clear and robust process for Member scrutiny of the draft Corporate Plan and Budget. Its publication on 12 December 2023 marked the start of the six-week consultation period which ends on 24 January 2024. The Scrutiny Committee for People and Communities has until the end of that period to submit its comments on the proposals to Cabinet, which will review them when they meet on 5 February 2024.
10. The Corporate Plan and Budget for 2024/25, with any necessary revisions will then be submitted for approval by Council at its meeting on 28 February 2024. The final version will then be published on the Council's website.

Financial Implications

11. None other than those set out in this report and its appendices.

Risk Management Implications

12. The strategic risks associated with the delivery of the proposals within this Corporate Plan are considered in full as part of the Council's annual strategic risk management process, which identifies key risk areas along with contingency and mitigation plans to alleviate them. These will be reported to Audit Committee within the annual cycle.

Other Material Implications

13. None.

Sustainability Implications

14. None.

Appendices

Appendix A – Draft Corporate Plan and Budget 2024/25

Background Papers

None.
