Information and News

COVID-19 News

Covid levels in Mid Sussex have risen to about 10 cases per 100,000 in the last week from very low levels in the previous 2 weeks and therefore Mid Sussex has a similar infection rate as it had in August 2020. Covid rates have generally risen across Sussex in the last week but with no areas having a rate higher than the increased England average of 29 cases per 100,000. The average Covid rate in West Sussex is still below the South East average of about 19 cases per 100,000. Case levels in England and the South East have risen about 35% in the last week.

In most parts of Greater Manchester Covid rates are well above 100 cases per 100,000 with the Indian variant being dominant.

Extra efforts are being made to keep Covid levels down in hotspot areas with surge testing and additional vaccinations for all adults in these vulnerable areas and people are asked not to move in and out of these areas.

The third stage of the roadmap started on Monday 17th May 2021 with gyms/leisure centres, hotels and guest houses fully reopening, limited indoor home mixing and overnight stays and indoor service in pubs and restaurants. A leaflet is attached below explaining the advice to be cautious about meetings in private homes. Lateral Flow Tests are being used to identify people who have Covid but have no symptoms to try to maintain the low Covid rates now found in much of England. These free tests are available from local collection areas that can be located online or by requesting a postal delivery. Additional indoor mixing over the past two weeks and the emergence of the Indian variant do seem to have resulted in an increase in Covid levels generally in England over the past week.

The roadmap envisages most Covid restrictions being lifted from 21st June 2021 subject to the four data tests being met. It is unclear at the moment how the presence of the Indian variant will affect what is permitted from 21st June 2021. This will be confirmed by the 14th June based on the England data. It is important people remember Hands Face Space and Fresh Air as more people are out and about.

Both Covid hospitalisations and Covid death rates are now as low in Sussex as they were last Summer.

The continuing local Covid vaccination programme will assist in keeping hospitalisations and Covid deaths down but there is a risk that the further lifting of restrictions allowing for more indoor social mixing and new variants of the Covid virus will push these figures in the opposite direction.

All people aged 30 and over are now eligible to book their first vaccination and will be invited to book an appointment through their GP or they can book their appointment themselves online. Anybody 30+ who has not come forward previously for their first vaccination is urged to do so and get an appointment. Those aged 18+ are likely to be invited to come forward for a first vaccination by the end of this month, vaccination supply permitting. Vaccinations take a couple of weeks to fully take effect.

The vaccination of more medically vulnerable people aged 16 to 29 alongside the second vaccination for those people first vaccinated in March/April 2021 will also continue in June 2021. The second vaccination for people 50+ or vulnerable or an unpaid carer is being brought forward by up to 4 weeks which should ensure this group have received their second vaccine before 21st June 2021.

MSVA Press Release - Volunteers Week 2021

Volunteers' Week takes place between 1st and 7th June 2021. This is a national initiative focussing on the amazing work of volunteers in communities across the country, and to raise awareness of the benefits of all types of volunteering activity – whether it be formal, long term, or informal, one-off or short-term activities.

The theme for this year's Volunteers' Week is "A Time To Say Thanks". Mid Sussex Voluntary Action will be focussing on this theme throughout the week and will be encouraging people to find ways to say thank you to those in their communities who have given their time freely to help others over the last year.

We will particularly be running a social media and online campaign, asking people to share pictures, stories and selfies saying thank you to people who have volunteered in various capacities over the last year. Volunteers' Week is also a chance to promote the value of volunteering and the difference it can make to the lives of everyone involved.

Visit our Facebook, Instagram and Twitter accounts (@MidSussexVA) during the week to find out more and get involved.

For more information on volunteering, the support we can offer and to learn more about Volunteers' Week, see our website: <http://www.msva.org.uk>, or contact us at volunteering@msva.org.uk.
