

For the:

- **Mid Sussex District Plan (Regulation 18)**
- **Sustainability Appraisal**
- **Habitats Regulations Assessment**
- **Equality Impacts Assessment**

1. Background

The District Council is developing a new District Plan to guide development and the provision of infrastructure over the period to 2039. The new District Plan provides a vision for how Mid Sussex wants to evolve over this time and a delivery strategy for how this will be achieved.

Community involvement plays a vital role in the preparation of District Plans. In accordance with the Town and Country Planning (Local Planning) (England) Regulations 2012, there are two formal consultation periods for District Plans:

- Regulation 18: Preparation of a Local Plan
- Regulation 19: Publication of a Local Plan (Pre-Submission)

This Community Involvement Plan relates to the Regulation 18 consultation.

2. Role and Purpose of the Community Involvement Plan

Mid Sussex District Council adopted its Statement of Community Involvement (SCI) in March 2019.

The SCI contains 6 General Principles for Community Engagement:

- 1) Be Timely:** Involve the community as early as possible in decision making
- 2) Be Inclusive:** Accessible to all those who wish to take part
- 3) Be Transparent:** Consultation material should be clear and plain-English
- 4) Be Respectful of Other's Views:** The Council will listen to all views
- 5) Be Efficient:** Consultation to be proportionate and use resources wisely
- 6) Be Clear About the Results:** Decisions and results should be made clear

The SCI recognises that there is no “one size fits all” approach to consultation; recognising that each decision that requires community involvement may be for different audiences or different purposes. The SCI therefore requires that a bespoke Community Involvement Plan (CIP) is prepared for each consultation on Planning Policy documents (such as the District Plan) so that consultation can be tailored.

This Community Involvement Plan follows the template set out in the SCI. It sets out:

- Who is involved in the production and consultation of the new District Plan;
- Why people are being involved in the process;

- When and how people will be able to get involved and influence the new District Plan; and
- How the results of community involvement will be used.

The new District Plan is accompanied by a Sustainability Appraisal, Habitats Regulations Assessment and Equality Impacts Assessment, all of which are also subject to consultation at Regulation 18 stage and therefore the same consultation arrangements set out in this CIP.

3. Who is to be involved?

Early engagement

In the SCI, the Council commits to ‘front load’ consultation activity, to identify potential issues and options. This work has assisted in the formulation of policies and has informed and updated the evidence base. Early engagement with stakeholders has been sought from the very start of the process of producing the new District Plan, including:

- District Councillors, Town and Parish Councils have been briefed on the need for a new District plan and anticipated content.
- A Developers Liaison Group, which includes representatives from across the development industry, was consulted on the methodology for site selection.
- Neighbouring Local Authorities and County Authorities, on a group and individual basis. Input was sought into the methodology for the site selection;
- External organisations, such as the High Weald AONB Unit.
- Consulting other statutory consultees, such as Historic England, the Environment Agency and Natural England.

Including everyone

The Equality Impacts Assessment (EqIA) that accompanies the District Plan considers the needs of people classified as having ‘protected characteristics’.¹ This assessment concludes that there are no additional specific measures or actions needed at this time. However, the Council will continue to promote consultation exercises that are inclusive of all, including engagement with representative organisations and monitoring of the consultation.

There is further analysis of consultation practices and the actions that will be taken to ensure that everyone has the opportunity to engage with the consultation included within the EqIA which accompanies the new District Plan.²

Who will be contacted?

A number of groups will be directly contacted and asked for their comments. These are:

- District Councillors;
- Town and Parish Councils;
- ‘Specific consultation bodies’/ ‘general consultation bodies’ (statutory consultees) as set out in legislation.³ These include West Sussex County Council, adjoining local planning authorities, service providers and government agencies such as the Environment Agency and Natural England, and the South Downs National Park Authority;
- Other organisations, groups or individuals that may have an interest in the new District Plan. These include members of the Mid Sussex Partnership, voluntary services’ associations, residents’ associations, housing associations, business groups and associations,

³ *The Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended)*

environmental, countryside and conservation groups, youth and elderly persons' groups and the development industry;

- Representatives of those groups highlighted as requiring targeted consultation by the EqIA;
- Subscribers to the Planning Policy e-mail alerts service⁴; and
- Internal consultees at the District Council.

Elected District Councillors have a key role to play in forming the new District Plan and will be fully involved in the process through:

- The Scrutiny Committee for Planning, Economic Growth and Net Zero (any District Councillor can attend and request to speak);
- Full Council (consists of all District Councillors); and
- Councillors will be directly informed and can respond during the public consultation period.

4. Why are people being involved?

We are asking for people's views on the new District Plan through a formal consultation period. It is important to seek input from the wider public, as the Plan will set the strategy and allocate sites for development in the district and include planning policies that will have an impact upon both the existing and future communities of Mid Sussex.

The results of consultation will form part of the information used to finalise the strategy and policies. In order to make the consultation more meaningful, it is important that people understand the context within which the new District Plan has been drafted and that certain aspects of the Plan may not be able to be changed as a result of consultation:

- The new District Plan has been written in line with Government planning policy and guidance, set out in the National Planning Policy Framework (2021) and Planning Practice Guidance.
- The new District Plan has been written in accordance with legislation and regulations.⁵
- The new District Plan has been informed by the results of the accompanying Sustainability Appraisal. This shows which options have been considered for its strategy and policies and why the options chosen are preferred over those rejected.
- The new District Plan has been informed by background evidence. The background evidence will be made available to view on the Council's website.⁶
