

**Mid Sussex District  
Council**

**Audit planning report**

Year ended 31 March 2020

January 2020

March 2020

Mid Sussex District Council  
Oaklands Road  
Haywards Heath  
West Sussex  
RH16 1SS

Dear Audit Committee Members

### **Audit planning report**

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as auditor. Its purpose is to provide the Audit Committee with a basis to review our proposed audit approach and scope for the 2019/20 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council, and outlines our planned audit strategy in response to those risks.

This report is intended solely for the information and use of the Audit Committee and management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to discuss this report with you on 3rd March 2020 as well as understand whether there are other matters which you consider may influence our audit.

Yours faithfully

A handwritten signature in blue ink that reads "Kevin Suter".

Kevin Suter

For and on behalf of Ernst & Young LLP

# Contents

Public Sector Audit Appointments Ltd (PSAA) issued the "Statement of responsibilities of auditors and audited bodies". It is available from the PSAA website (<https://www.psa.co.uk/audit-quality/statement-of-responsibilities/>). The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The "Terms of Appointment and further guidance (updated April 2018)" issued by the PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and in legislation, and covers matters of practice and procedure which are of a recurring nature.

This report is made solely to the Audit Committee and management of Mid Sussex District Council in accordance with the statement of responsibilities. Our work has been undertaken so that we might state to the Audit Committee, and management of Mid Sussex District Council those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the Audit Committee and management of Mid Sussex District Council for this report or for the opinions we have formed. It should not be provided to any third-party without our prior written consent.

# Overview of our 2019/20 audit strategy

## Overview of our 2019/20 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Audit Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

### Audit risks and areas of focus

Risk / area of focus	Risk identified	Change from PY	Details
New Ledger System	Significant risk	Increase in risk and focus	The Council introduced its new Technology One financial management system with effect from 02 September 2019. It put in place measures to migrate data on 2019/20 transactions and balances from the old to the new financial management system. The Council's 2019/20 financial statements will be prepared using data taken from the new general ledger at the end of the financial year. To ensure the production of materially accurate and complete 2019/20 financial statements, it is essential that the Council is assured over the completeness and accuracy of financial data to its new general ledger.
Misstatements due to fraud or error	Fraud risk	No change in risk or focus	As identified in ISA 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that would otherwise appear to be operating effectively.
Risk of incorrect capitalisation of revenue expenditure	Fraud risk	No change in risk or focus	Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10 issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition. We believe the risk of manipulation is most likely to manifest in the incorrect capitalisation of revenue expenditure, as there is an incentive to reduce expenditure which is funded from Council Tax.
Valuation of Land and Buildings/ Investment properties	Inherent risk	No change in risk or focus	The value of Property, Plant and Equipment (PPE) and Investment Properties (IP) represents significant balances in the Council's accounts and is subject to valuation changes and impairment reviews. Management is required to make material judgements about key assumptions and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.

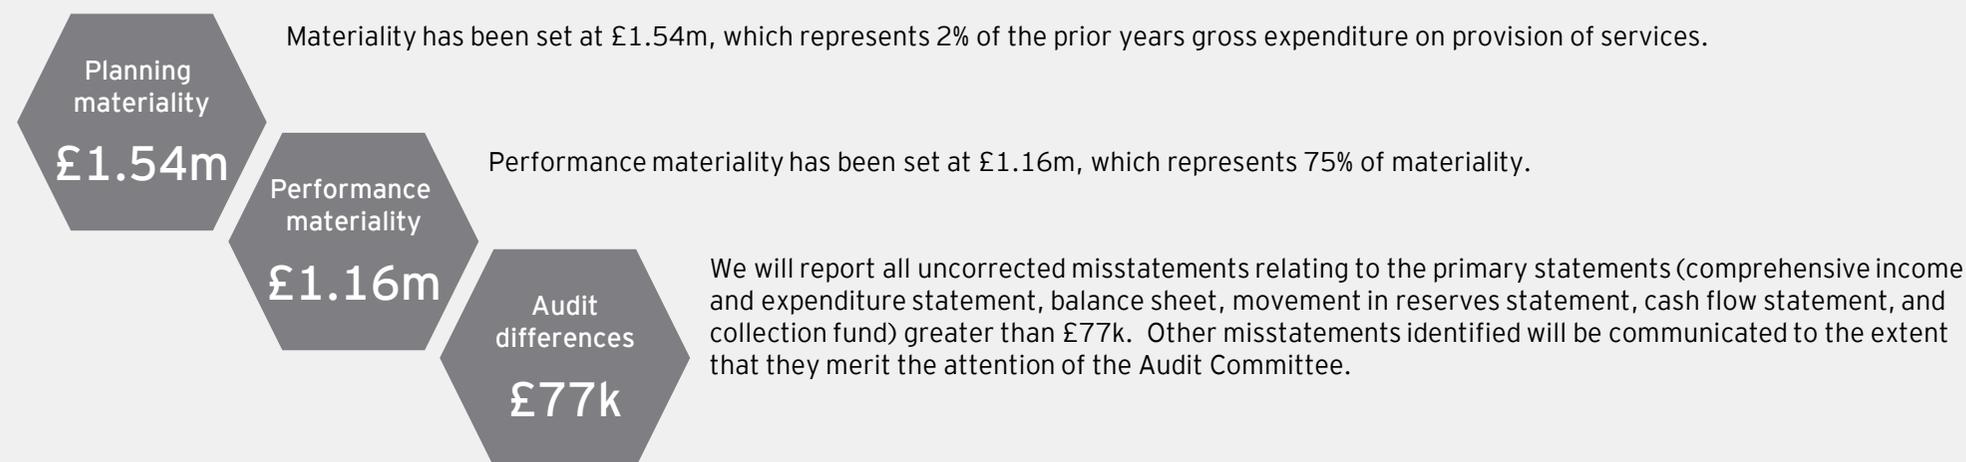

## Overview of our 2019/20 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Audit Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

### Audit risks and areas of focus

Risk / area of focus	Risk identified	Change from PY	Details
Pension Liability Valuation	Inherent risk	No change in risk or focus	The Council's pension fund liability is a material estimated balance and the Code requires that this asset be disclosed on the Council's balance sheet. The information disclosed is based on the IAS 19 report issued to the Council by the actuary Hymans Robertson. Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.
IFRS 16 Leases	Inherent risk	New accounting standard	IFRS 16 (leases) applies from 1 April 2020. The Council needs to put in place arrangements to implement the new standard for the 2020/21 financial year, and to make necessary disclosures for forthcoming changes in accounting standards in its 2019/20 statement of accounts.

### Materiality

# Overview of our 2019/20 audit strategy

## Audit scope

This Audit Plan covers the work that we plan to perform to provide you with:

- Our audit opinion on whether the financial statements of Mid Sussex District Council give a true and fair view of the financial position as at 31 March 2020 and of the income and expenditure for the year then ended; and
- Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return. Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- Strategic, operational and financial risks relevant to the financial statements;
- Developments in financial reporting and auditing standards;
- The quality of systems and processes;
- Changes in the business and regulatory environment; and,
- Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

Taking the above into account, and as articulated in this audit plan, our professional responsibilities require us to independently assess the risks associated with providing an audit opinion and undertake appropriate procedures in response to that. Our Terms of Appointment with PSAA allow them to vary the fee dependent on "the auditors assessment of risk and the work needed to meet their professional responsibilities". PSAA are aware that the setting of scale fees has not kept pace with the changing requirements of external audit with increased focus on, for example, the valuations of land and buildings, the auditing of groups, the valuation of pension obligations, the introduction of new accounting standards such as IFRS 9 and 16 in recent years as well as the expansion of factors impacting the value for money conclusion. Therefore to the extent any of these are relevant in the context of MSDC audit, we will discuss these with management as to the impact on the scale fee.

## Audit team changes

### Jack Dunkley, Manager

- Jack is a Manager within the UK&I Assurance practice, with over five years experience of LG audits. He will be the key contact for your Finance Team.
- He is a member of The Institute of Chartered Accountants in England and Wales (ICAEW).

# Audit risks

## Audit risks

# Our response to significant risks

We have set out the significant risks (including fraud risks denoted by\*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

	What is the risk?	What will we do?
<b>New financial ledger system</b>	<p>The Council introduced its new Technology One financial management system with effect from 02 September 2019. It put in place measures to migrate data on 2019/20 transactions and balances from the old to the new financial management system. The Council's 2019/20 financial statements will be prepared using data taken from the new general ledger at the end of the financial year.</p> <p>To ensure the production of materially accurate and complete 2019/20 financial statements, it is essential that the Council is assured over the completeness and accuracy of financial data to its new general ledger.</p>	<p>We will:</p> <ul style="list-style-type: none"><li>▶ meet with officers to discuss and understand the process for implementing the new financial management system.</li><li>▶ review the actions taken by the Council to ensure the complete and accurate migration of financial data to the new general ledger. This will include reviewing the effectiveness of reconciliation processes. We will undertake our own testing on the completeness and accuracy of data migration as necessary.</li><li>▶ have regard to the findings of any work by Internal Audit in 2019/20 in relation to the new ledger system.</li><li>▶ review how data from the new system maps to the statement of accounts, as part of our understanding of the accounts production process for 2019/20.</li></ul>

## Audit risks

# Our response to significant risks

We have set out the significant risks (including fraud risks denoted by\*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

### Misstatements due to fraud or error \*

#### What is the risk?

The financial statements as a whole are not free of material misstatements whether caused by fraud or error.

As identified in ISA (UK and Ireland) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively.

We identify and respond to this fraud risk on every audit engagement.

#### What will we do?

We will undertake our standard procedures to address fraud risk, which include:

- Inquiring of management about risks of fraud and the controls put in place to address those risks.
- Understanding the oversight given by those charged with governance of management's processes over fraud.
- Considering the effectiveness of management's controls designed to address the risk of fraud.
- Performing mandatory procedures regardless of specifically identified fraud risks, including;
  - testing of journal entries and other adjustments in the preparation of the financial statements.
  - Review accounting estimates for evidence of management bias.
  - Evaluate the business rationale for significant unusual transactions.

## Audit risks

# Our response to significant risks

We have set out the significant risks (including fraud risks denoted by\*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

	What is the risk?	What will we do?
<p><b>Risk of incorrect capitalisation of revenue expenditure*</b></p>	<p>Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10 issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.</p> <p>We believe the risk of manipulation is most likely to manifest in the incorrect capitalisation of revenue expenditure, as there is an incentive to reduce expenditure in the general fund which is funded from Council Tax.</p>	<p>We will:</p> <ul style="list-style-type: none"><li>▶ Test PPE additions to ensure that the expenditure incurred and capitalised is clearly capital in nature.</li><li>▶ Test REFCUS, if material, to ensure that it is appropriate for the revenue expenditure incurred to be financed from ring fenced capital resources.</li><li>▶ Seek to identify and understand the basis for any significant journals transferring expenditure from revenue to capital codes within the general ledger.</li></ul>
<p><b>Financial statement impact</b></p> <p>Misstatements that occur in relation to the risk of fraud in revenue and expenditure recognition could affect the income and expenditure accounts. We are focussing our testing on capital additions.</p>	<p>This could then result in funding of that expenditure, that should properly be defined as revenue, through inappropriate sources such as capital receipts, capital grants, or borrowing</p>	

## Audit risks

### Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures.

What is the risk/area of focus?	What will we do?
<p><b>Valuation of Land and Buildings/Investment Properties</b></p> <p>The fair value of Property, Plant and Equipment (PPE) and Investment Properties (IP) represent significant balances in the Council's accounts and is subject to valuation changes and impairment reviews.</p> <p>Management is required to make material judgements about key assumptions and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.</p>	<p>We will:</p> <ul style="list-style-type: none"><li>▶ Consider the work performed by the Council's valuers (Wilks, Head &amp; Eve), including the adequacy of the scope of the work performed, their professional capabilities and the results of their work;</li><li>▶ Challenge the assumptions used by the Council's valuer by reference to external evidence and our EY valuation specialists as necessary - for example, significant or unusual movements in valuation, difficult to value specialist assets, or investments in areas of the economy under stress such as retail;</li><li>▶ Sample testing key asset information used by the valuers in performing their valuation (e.g. building areas to support valuations based on price per square metre);</li><li>▶ Consider the annual cycle of valuations to ensure that assets have been valued within a 5 year rolling programme as required by the Code for PPE, and annually for IP. We also consider if there are any specific changes to assets that have occurred and that these have been communicated to the valuer;</li><li>▶ Review assets not subject to valuation in 2019/20 to confirm that the remaining asset base is not materially misstated;</li><li>▶ Consider changes to useful economic lives as a result of the most recent valuation; and</li><li>▶ Test accounting entries have been correctly processed in the financial statements.</li></ul>

## Audit risks

### Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures.

#### What is the risk/area of focus?

##### Pension Liability Valuation

The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by West Sussex County Council.

The Council's pension fund deficit is a material estimated balance and the Code requires that this liability be disclosed on the Council's balance sheet.

The information disclosed is based on the IAS 19 report issued to the Council by the actuary.

Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

#### What will we do?

We will:

- ▶ Obtain assurances over the information supplied to the actuary in relation to the Council;
- ▶ Assess the work of the Pension Fund actuary including the assumptions they have used by relying on the work of PWC - Consulting Actuaries commissioned by the National Audit Office for all Local Government sector auditors, and considering any relevant reviews by the EY actuarial team; and
- ▶ Review and test the accounting entries and disclosures made within the Council's financial statements in relation to IAS19.
- ▶ Where outturn information is available at the time we undertake our work after production of the Council's draft financial statements (for example the year-end actual valuation of pension fund assets), we will use this to inform our assessment of the accuracy of estimated information included in the financial statements and whether any adjustments are required.

## Audit risks

---

### Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures.

What is the risk/area of focus?	What will we do?
<p><u>IFRS 16 Leases</u></p> <p>This new accounting standard is applicable for local authority accounts from the 2020/21 financial year and will change:</p> <ul style="list-style-type: none"><li>▶ How operating leases are recognised (as lessee); and</li><li>▶ The disclosure requirements for operating leases (as lessee).</li></ul> <p>The 2020/21 Cipfa Code of practice on local authority accounting has not yet been issued. However, the Code requires the disclosure of information relating to the impact of an accounting change that will be required by a new accounting standard, but one which has not yet been implemented.</p>	<p>We will:</p> <ul style="list-style-type: none"><li>▶ Assess the authority's implementation arrangements that should include an impact assessment paper setting out the application of the new standard, transitional adjustments and planned accounting for 2019/20; and</li><li>▶ Review additional disclosure requirements.</li></ul>

03

# Value for Money Risks

# Value for Money

## Background

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. This is known as our value for money conclusion.

For 2019/20 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

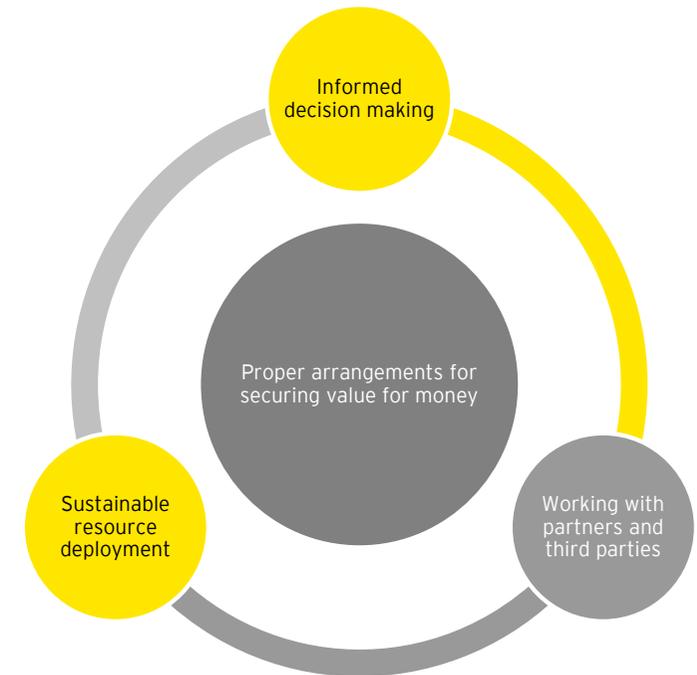

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work. We consider business and operational risks insofar as they relate to proper arrangements at both sector and organisation-specific level.

Our risk assessment will therefore be considered both the potential financial impact of the issues we have identified, and also the likelihood that the issue will be of interest to local taxpayers, the Government and other stakeholders. At this preliminary stage, we have not identified any significant risks but we will keep this assessment under review and update the Audit Committee as soon as possible if risks are identified during the remainder of our audit

04

## Audit materiality

## Materiality

### Materiality

For planning purposes, materiality for 2019/20 has been set at £1.54m. This represents 2% of the Council's prior year gross expenditure on provision of services. It will be reassessed throughout the audit process. We have provided supplemental information about audit materiality in Appendix C.

We request that the Audit Committee confirm its understanding of, and agreement to, these materiality and reporting levels.

### Key definitions

**Planning materiality** - the amount over which we anticipate misstatements would influence the economic decisions of a user of the financial statements.

**Performance materiality** - the amount we use to determine the extent of our audit procedures. We have set performance materiality at £1.16m which represents 75% of planning materiality. The rationale for using 75% is based on the anticipation of identifying few or no errors during the audit. This expectation has been built on our experience of the Council in the prior year.

**Audit difference threshold** - we propose that misstatements identified below this threshold are deemed clearly trivial. We will report to you all uncorrected misstatements over this amount relating to the comprehensive income and expenditure statement, balance sheet and collection fund that have an effect on income or that relate to other comprehensive income.

Other uncorrected misstatements, such as reclassifications and misstatements in the cashflow statement and movement in reserves statement or disclosures, and corrected misstatements will be communicated to the extent that they merit the attention of the audit committee, or are important from a qualitative perspective.

**Specific materiality** - We have set a materiality of £1,000 for sensitive disclosures such as the remuneration disclosures, related party transactions, members' allowances and exit packages. This reflects our understanding that an amount less than our materiality would influence the economic decisions of users of the financial statements in relation to this.

05

## Scope of our audit

## Our Audit Process and Strategy

### Objective and Scope of our Audit scoping

Under the Code of Audit Practice our principal objectives are to review and report on the Council's financial statements and arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

#### 1. Financial statement audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK).

We also perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

#### Procedures required by standards

- Addressing the risk of fraud and error;
- Significant disclosures included in the financial statements;
- Entity-wide controls;
- Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements; and
- Auditor independence.

#### Procedures required by the Code

- Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement; and
- Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO.

#### 2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

## Our Audit Process and Strategy (continued)

### Audit Process Overview

Our audit involves:

- ▶ Identifying and understanding the key processes and internal controls; and
- ▶ Substantive tests of detail of transactions and amounts.

For 2019/20 we plan to follow a substantive approach to the audit as we have concluded this is the most efficient way to obtain the level of audit assurance required to conclude that the financial statements are not materially misstated.

Analytics:

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- ▶ Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests; and
- ▶ Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the Audit Committee.

Internal audit:

We will meet with the Head of Internal Audit, and review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where they raise issues that could have an impact on the financial statements.

06

## Audit team

# Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Valuation of Land and Buildings	<ul style="list-style-type: none"> <li>• Wilkes, Head and Eve - Management's RICS Registered Valuers</li> <li>• EY property valuers</li> </ul>
Pensions disclosure	<ul style="list-style-type: none"> <li>• EY Actuaries</li> <li>• PWC consulting actuary commissioned by NAO</li> <li>• Hymans Robertson- Management's Actuary</li> </ul>

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Council's business and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- ▶ Analyse source data and make inquiries as to the procedures used by the specialist to establish whether the source data is relevant and reliable;
- ▶ Assess the reasonableness of the assumptions and methods used;
- ▶ Consider the appropriateness of the timing of when the specialist carried out the work; and
- ▶ Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

07

## Audit timeline

# Audit timeline

## Timetable of communication and deliverables

### Timeline

Below is a timetable showing the key stages of the audit and the deliverables we have agreed to provide to you through the audit cycle in 2019/20. The final timetable will depend on our ability to obtain sufficient, appropriate audit evidence to support our audit opinion.

From time to time matters may arise that require immediate communication with the Audit Committee and we will discuss them with the Audit Committee Chair as appropriate. We will also provide updates on corporate governance and regulatory matters as necessary.

Audit phase	Timetable	Audit committee timetable	Deliverables
Planning: Risk assessment and setting of scopes.	October - January		
Walkthrough of key systems and processes Interim audit testing	February/March	Audit Committee	Audit Planning Report
	April		
	May		
	June		
Year end audit Audit Completion procedures	July	Audit Committee	Audit Results Report Audit opinions and completion certificates
	August - October		Annual Audit Letter

08

Independence

## Introduction

The FRC Ethical Standard and ISA (UK) 260 “Communication of audit matters with those charged with governance”, requires us to communicate with you on a timely basis on all significant facts and matters that bear upon our integrity, objectivity and independence. The Ethical Standard, as revised in June 2016, requires that we communicate formally both at the planning stage and at the conclusion of the audit, as well as during the course of the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

### Required communications

Planning stage	Final stage
<ul style="list-style-type: none"> <li>▶ The principal threats, if any, to objectivity and independence identified by Ernst &amp; Young (EY) including consideration of all relationships between the you, your affiliates and directors and us;</li> <li>▶ The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality review;</li> <li>▶ The overall assessment of threats and safeguards;</li> <li>▶ Information about the general policies and process within EY to maintain objectivity and independence.</li> <li>▶ Where EY has determined it is appropriate to apply more restrictive independence rules than permitted under the Ethical Standard.</li> </ul>	<ul style="list-style-type: none"> <li>▶ In order for you to assess the integrity, objectivity and independence of the firm and each covered person, we are required to provide a written disclosure of relationships (including the provision of non-audit services) that may bear on our integrity, objectivity and independence. This is required to have regard to relationships with the entity, its directors and senior management, its affiliates, and its connected parties and the threats to integrity or objectivity, including those that could compromise independence that these create. We are also required to disclose any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed;</li> <li>▶ Details of non-audit services provided and the fees charged in relation thereto;</li> <li>▶ Written confirmation that the firm and each covered person is independent and, if applicable, that any non-EY firms used in the group audit or external experts used have confirmed their independence to us;</li> <li>▶ Written confirmation that all covered persons are independent;</li> <li>▶ Details of any inconsistencies between FRC Ethical Standard and your policy for the supply of non-audit services by EY and any apparent breach of that policy;</li> <li>▶ Details of any contingent fee arrangements for non-audit services provided by us or our network firms; and</li> <li>▶ An opportunity to discuss auditor independence issues.</li> </ul>

In addition, during the course of the audit, we are required to communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place, for example, when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements, the amounts of any future services that have been contracted, and details of any written proposal to provide non-audit services that has been submitted;

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period, analysed in appropriate categories, are disclosed.

## Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including the principal threats, if any. We have adopted the safeguards noted below to mitigate these threats along with the reasons why they are considered to be effective. However we will only perform non-audit services if the service has been pre-approved in accordance with your policy.

### Overall Assessment

Overall, we consider that the safeguards that have been adopted appropriately mitigate the principal threats identified and we therefore confirm that EY is independent and the objectivity and independence of Kevin Suter, your audit engagement partner, and the audit engagement team have not been compromised.

### Self interest threats

A self interest threat arises when EY has financial or other interests in the Council. Examples include where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with you. At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake permissible non-audit services and we will comply with the policies that you have approved.

None of the services are prohibited under the FRC's ES or the National Audit Office's Auditor Guidance Note 01 and the services have been approved in accordance with your policy on pre-approval. The ratio of non audit fees to audits fees is not permitted to exceed 70%.

At the time of writing, we have proposed to undertake the role of reporting accountant for the DWP's Housing Benefit Assurance Process (HBAP). We have determined appropriate safeguards.

A self interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to you. We confirm that no member of our audit engagement team, including those from other service lines, has objectives or is rewarded in relation to sales to you, in compliance with Ethical Standard part 4.

There are no other self interest threats at the date of this report.

### Self review threats

Self review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no self review threats at the date of this report.

### Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of the Council. Management threats may also arise during the provision of a non-audit service in relation to which management is required to make judgements or decision based on that work.

There are no management threats at the date of this report.

## Relationships, services and related threats and safeguards

### Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

### EY Transparency Report 2019

Ernst & Young (EY) has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes in place within EY for maintaining objectivity and independence can be found in our annual Transparency Report which the firm is required to publish by law. The most recent version of this Report is for the year ended 1 July 2019 and can be found here:

<https://www.ey.com/uk/en/about-us/ey-uk-transparency-report-2019>

09

## Appendices

## Appendix A

### Fees

Public Sector Audit Appointments Ltd (PSAA) has published the fee scale for the audit of the 2018/19 accounts of opted-in principal local government and police bodies. This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the requirements of the Code of Audit Practice and supporting guidance published by the National Audit Office, the financial reporting requirements set out in the Code of Practice on Local Authority Accounting published by CIPFA/LASAAC, and the professional standards applicable to auditors' work.

	Planned fee 2019/20	Scale fee 2019/20	Final Fee 2018/19
	£	£	£
Total Fee - Code work	48,617	38,917	38,917
<b>Total audit</b>	<b>48,617</b>	<b>38,917</b>	<b>38,917</b>
Other non-audit services not covered above (Housing Benefits)	TBC	N/A	40,922
<b>Total other non-audit services</b>	<b>TBC</b>	<b>N/A</b>	<b>40,922</b>
<b>Total fees</b>	<b>TBC</b>	<b>38,917</b>	<b>79,839</b>

*All fees exclude VAT*

#### Notes:

(1) For 19/20 the scale fee may be impacted by a range of factors (see page 7), which we will update the committee on, as the audit progresses

(2) The Planned Fee for 2019/20 includes our initial estimate of the required work in relation to the new ledger system. We have scoped the additional work and fee in detail based on our current knowledge of the change process, however, the final additional fee may vary depending on the final scope of work required, and its findings and impact on the audit strategy. Any impact on our planned strategy for the use of data analytics may also result in further additional fee.

The agreed fee presented is based on the following assumptions:

- ▶ Officers meeting the agreed timetable of deliverables;
- ▶ The production of materially accurate draft accounts;
- ▶ Our accounts opinion and value for money conclusion being unqualified;
- ▶ Appropriate quality of documentation is provided by the Council; and
- ▶ The Council has an effective control environment.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Council in advance.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

## Appendix B

# Required communications with the Audit Committee

We have detailed the communications that we must provide to the Audit Committee.

			 Our Reporting to you
<b>Required communications</b>	 <b>What is reported?</b>	 <b>When and where</b>	
Terms of engagement	Confirmation by the Audit Committee of acceptance of terms of engagement as written in the engagement letter signed by both parties.	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.	
Our responsibilities	Reminder of our responsibilities as set out in the engagement letter	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.	
Planning and audit approach	Communication of the planned scope and timing of the audit, any limitations and the significant risks identified.	Audit planning report	
Significant findings from the audit	<ul style="list-style-type: none"> <li>▶ Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures;</li> <li>▶ Significant difficulties, if any, encountered during the audit;</li> <li>▶ Significant matters, if any, arising from the audit that were discussed with management;</li> <li>▶ Written representations that we are seeking;</li> <li>▶ Expected modifications to the audit report; and,</li> <li>▶ Other matters if any, significant to the oversight of the financial reporting process.</li> </ul>	Audit results report	

## Appendix B

# Required communications with the Audit Committee (continued)

		Our Reporting to you
Required communications	 What is reported?	  When and where
Going concern	<p>Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including:</p> <ul style="list-style-type: none"> <li>▶ Whether the events or conditions constitute a material uncertainty</li> <li>▶ Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements</li> <li>▶ The adequacy of related disclosures in the financial statements</li> </ul>	Audit results report
Misstatements	<ul style="list-style-type: none"> <li>▶ Uncorrected misstatements and their effect on our audit opinion, unless prohibited by law or regulation</li> <li>▶ The effect of uncorrected misstatements related to prior periods</li> <li>▶ A request that any uncorrected misstatement be corrected</li> <li>▶ Corrected misstatements that are significant</li> <li>▶ Material misstatements corrected by management</li> </ul>	Audit results report
Fraud	<ul style="list-style-type: none"> <li>▶ Enquiries of the Audit Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity</li> <li>▶ Any fraud that we have identified or information we have obtained that indicates that a fraud may exist</li> <li>▶ A discussion of any other matters related to fraud</li> </ul>	Audit results report
Related parties	<ul style="list-style-type: none"> <li>▶ Significant matters arising during the audit in connection with the entity's related parties including, when applicable:</li> <li>▶ Non-disclosure by management</li> <li>▶ Inappropriate authorisation and approval of transactions</li> <li>▶ Disagreement over disclosures</li> <li>▶ Non-compliance with laws and regulations</li> <li>▶ Difficulty in identifying the party that ultimately controls the entity</li> </ul>	Audit results report

## Appendix B

# Required communications with the Audit Committee (continued)

			 Our Reporting to you
Required communications	 What is reported?	 When and where	
Independence	<p>Communication of all significant facts and matters that bear on EY's, and all individuals involved in the audit, objectivity and independence</p> <p>Communication of key elements of the audit engagement partner's consideration of independence and objectivity such as:</p> <ul style="list-style-type: none"> <li>▶ The principal threats</li> <li>▶ Safeguards adopted and their effectiveness</li> <li>▶ An overall assessment of threats and safeguards</li> <li>▶ Information about the general policies and process within the firm to maintain objectivity and independence</li> </ul>	Audit Planning Report and Audit Results Report	
External confirmations	<ul style="list-style-type: none"> <li>▶ Management's refusal for us to request confirmations</li> <li>▶ Inability to obtain relevant and reliable audit evidence from other procedures</li> </ul>	Audit results report	
Consideration of laws and regulations	<ul style="list-style-type: none"> <li>▶ Audit findings regarding non-compliance where the non-compliance is material and believed to be intentional. This communication is subject to compliance with legislation on tipping off</li> <li>▶ Enquiry of the Audit Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Audit Committee may be aware of</li> </ul>	Audit results report	
Internal controls	<ul style="list-style-type: none"> <li>▶ Significant deficiencies in internal controls identified during the audit</li> </ul>	Audit results report	

## Appendix B

# Required communications with the Audit Committee (continued)

			 Our Reporting to you
Required communications	 What is reported?	 When and where	
Representations	Written representations we are requesting from management and/or those charged with governance	Audit results report	
Material inconsistencies and misstatements	Material inconsistencies or misstatements of fact identified in other information which management has refused to revise	Audit results report	
Auditors report	<ul style="list-style-type: none"> <li>▶ Any circumstances identified that affect the form and content of our auditor's report</li> </ul>	Audit results report	
Fee Reporting	<ul style="list-style-type: none"> <li>▶ Breakdown of fee information when the audit plan is agreed</li> <li>▶ Breakdown of fee information at the completion of the audit</li> <li>▶ Any non-audit work</li> </ul>	Audit planning report Audit results report	

## Additional audit information

### Other required procedures during the course of the audit

In addition to the key areas of audit focus outlined in section 2, we have to perform other procedures as required by auditing, ethical and independence standards and other regulations. We outline the procedures below that we will undertake during the course of our audit.

#### Our responsibilities required by auditing standards

- ▶ Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- ▶ Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
- ▶ Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Concluding on the appropriateness of management's use of the going concern basis of accounting.
- ▶ Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ▶ Obtaining sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Council to express an opinion on the consolidated financial statements. Reading other information contained in the financial statements, the Audit Committee reporting appropriately addresses matters communicated by us to the Audit Committee and reporting whether it is materially inconsistent with our understanding and the financial statements; and
- ▶ Maintaining auditor independence.

## Additional audit information (continued)

### Purpose and evaluation of materiality

For the purposes of determining whether the accounts are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in the aggregate, in light of the surrounding circumstances, could reasonably be expected to influence the economic decisions of the users of the financial statements. Our evaluation of it requires professional judgement and necessarily takes into account qualitative as well as quantitative considerations implicit in the definition. We would be happy to discuss with you your expectations regarding our detection of misstatements in the financial statements.

Materiality determines:

- ▶ The locations at which we conduct audit procedures to support the opinion given on the financial statements; and
- ▶ The level of work performed on individual account balances and financial statement disclosures.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all of the circumstances that may ultimately influence our judgement about materiality. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the accounts, including the total effect of the audit misstatements we identify, and our evaluation of materiality at that date.
